Our Picks!

The early childhood coaching handbook / by D Rush and M Sheldon 2011

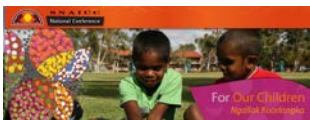

This hands-on guide shows professionals how to conduct skillful coaching in any setting home, school, or community. It walks readers step by step through the coaching process and shows them explicitly what best practices look like. The 5 characteristics of coaching practices, observation, action, reflection, feedback, and joint planning are outlined.

Pediatric neurocritical care / [edited by] Nicholas Abend, Mark Helfaer 2013

This book gives clinicians concise, and clinically relevant guidance they need to provide optimal care to children with these acute neurologic disorders. It covers the complete continuum of care from assessment, monitoring, and condition specific management through rehabilitation.

2015 SNAICC National Conference (15-17 September) in Perth

Recordings of keynote presentations and panel discussions available via YouTube. Available on the internet at <http://tinyurl.com/o9w3nux>

Literature review of the impact of early childhood education and care on learning & development / AIHW 2015

This review explores the literature on the complex relationship between attendance at early childhood education and care programs and developmental outcomes for children.

Available on the internet - <http://tinyurl.com/p3f4qhv>

New Cochrane Systematic Reviews

Antibiotics for preventing lower respiratory tract infections in high-risk children aged 12 years and under

To assess the effectiveness and safety of antibiotic prophylaxis in the prevention of bacterial LRTIs in high-risk children aged 12 years and under.

Available on the internet - <http://tinyurl.com/q2qltb6>

Paracetamol (acetaminophen) for prevention or treatment of pain in newborns

To determine the efficacy and safety of paracetamol for the prevention or treatment of procedural/postoperative pain or pain associated with clinical conditions in neonates.
